## MONEY FOR MAUI ROADS

Repairs of Crossing of Iao River.

COST ESTIMATED AT \$800

From Maalea Bay to Kamanawainui Gulch To Be Put in Shape at Once.

WAILUKU, Dec. 1.—The News says: On Thursday an important meeting of the road board was held at Wailuku. An appropriation of \$800 was voted to repair the crossing of Iao river on Market street. A concrete wall will be extended from the end of the present wall on the Waihee side of the river, 150 feet up the stream. This is a much-needed work, for, as the News pointed out last week, if this work is not done, the next high water will cut a new bed across the road on the Waihee side of the present bridge.

While in session the board communicated by telephone with Superintendent McCandless, who was at Lahaina, with reference to the pall road between Wailuku and Lahaina, and the superintendent authorized the expenditure of \$800 in repairing the road from Maalea Bay to Kamanawainui Gulch. From this point the road is under the jurisdiction of the Lahaina road board.

At the request of Superintendent McCandless, the Wailuku road board will prepare a biennial estimate of the amount needed for its roads in its jurisdiction.

### BOOK TRUST DEFEATED.

It is a source of sincere congratulation to learn that the school book trust has been temporarily turned down in Honolulu. It would be a fatal mistake, however, to suppose that the question is settled. The book ring has just begun its fight, and nothing but eternal vigilance will be the price of our final deliverance from the machinations of the book trust.

### WANT THE PRISONERS.

Cannot the high sheriff of the Islands defer opening that stone quarry temporarily and spare say fifty long-termers for a few months to repair our washed out roads? We have excellent jail accommodations and limitless barrels of pol, and no cheaper means could be found to renovate the pall road between Lahaina and Wailuku.

### ORIENTAL LABOR.

Oriental labor is gradually disappearing from the Islands, and its place is being taken by other classes. Although this will work a temporary hardship to some of the plantations, yet it seems probable that white labor will be secured to take its place, and the general welfare of the Islands will be increased a hundred fold by the change.

### KIHEI'S PROSPERITY.

One of the twin Rialdon pumps at Camp 3, Kihai, was turned over for the first time on last Saturday and worked to a charm, demonstrating that it will handle eight million gallons of water every twenty-four hours. The other twin will be put in at once, with a capacity of ten million gallons every twenty-four hours. The capacity of this double pump will irrigate about 2,000 acres of the best sugar land on Maui, with water obtained three miles from the sea beach. Ten thousand tons of sugar is a modest estimate of what 2,000 acres of good cane land will produce. Kihai stock is a good investment, and Mr. Dillingham told the plain, unvarnished truth when he said that the Kihai plantation is the peer of the Oahu plantation.

### WAILUKU'S FLOODS.

Friend Gulliver, of the Advertiser, while suffering from a severe hydrocephalic attack last week, referred to the Liliputians of Wailuku as being inhabitants of another Venice. As an easy lesson in primary local geography, we would call his attention to the fact that Wailuku is a city set on a hill, as far above high water mark as it is above feeling hurt at flings from a tidalwater town. The next thing we know, Hilo will be reproaching us for our dampness.

### A WAILUKU PATTERN.

Judge Humphreys is foolish almost to the point of silliness in allowing himself to be rattled by the Honolulu press. Perhaps he is right so far, although it is difficult to tell, after reading all that the different Honolulu papers say about the matter. In any event he might well copy the sang froid of the district magistrate of Wailuku, who pursues the even tenor of his way regardless of the criticisms of the Maui press.

### MAUI PERSONALS.

Mr. Ricker has resigned his position with Gregg & Co., to take effect upon the completion of the contract work of that company now on hand at Spreckelsville and Paia.

Mr. Vander Naillen, superintendent of the new ditch recently constructed by the H. C. & S. Co., goes to the Coast today on the Alexander. The company, in appreciation of the valuable services rendered by Mr. Vander Naillen, handed him a bonus in the shape of a \$1,500 check, on the completion of the work. Mr. Vander Naillen is uncertain as to whether or not he will return to the Islands.

Miss Stack, who has for two years past been in the office of H. C. & S. Co., at Spreckelsville as stenographer, typewriter and postmistress, leaves on the Alexander today for San Francisco, where she will make her home. Miss Stack is a charming and talented young lady, and will be very much missed by a large circle of friends on Maui.

Mr. George Weight, former manager of Kahuku plantation, is visiting Wailuku as the guest of Judge and Mrs. A. N. Kepoikal. He has been in ill health for some time, and has come to Wailuku to recuperate.

The rain of last Sunday washed out

some of the temporary repairs which had been made on the road to Maalea Bay. An effort is being made to fit the road for carriage travel by the beginning of the next term of court.

An enthusiastic Independent Day luau was given at the skating rink last Wednesday. Nearly 500 Hawaiians were in attendance, and a jolly good time was had.

Superintendent Filler is around this week on crutches, and his sprained ankle is improving slowly.

Circuit Court opens for the December term at Lahaina with thirty-nine cases on the docket.

### Christian Endeavor Officers

The following officers of the Christian Endeavor Society of Central Union Church were recently elected: President, Frank C. Atherton; vice president, Florence R. Yarrow; recording secretary, May Paty; corresponding secretary, Maria R. Forbes; treasurer, E. A. Rowland. The committee chairmen are: Prayer meeting, Kate Kelley; lookout, W. T. Paty; social, Harriet Austin; missionary, Ada R. Whitney; music, E. H. Shanks; press, H. C. Brown; whatsoever, Miss M. M. Duff.

## BALDWIN HALL THROWN OPEN

Maunaloa Seminary's New Building Formally Dedicated at Paia

(Special Correspondence.)

WAILUKU, Maui, Dec. 1.—Saturday the new and beautiful Baldwin Hall of Maunaloa Seminary of Paia was formally opened by a luau and exercises of a forensic nature. The luau was spread in the spacious dining hall of the school, where all the delicious viands of Hawaiian culinary art were served to several hundred Hawaiians and foreigners. After the feast the guests assembled in the large school room and were addressed by Circuit Judge J. W. Kalua, Rev. Kekela, Rev. O. P. Emerson, Rev. S. Kapu and Hon. H. P. Baldwin. Between the addresses a chorus of Maunaloa girls sang several songs. The program of the day was ended by the singing of "Hawaii Pono." Special mention should be made of a piece of pink tapa bearing the legend, "Baldwin Hall," which decorated one of the walls of the reception room. This was made especially for the occasion by an aged Hawaiian woman of Kipahulu, the grandmother of one of the students of the school.

Mention should also be made of a large bouquet of beautiful white roses which adorned the speakers' table. These were sent by Father E. Bailey of Oakland, Cal., one of the founders of Maunaloa.

Much praise is due Mr. D. C. Lindsay, who superintended the arrangement for the most successful luau.

### FOR OAHU PRISON.

Convicts Brought From Hawaii To Serve Sentences.

Eight Japanese prisoners, committed to prison on Hawaii for participating in the Kona Plantation riot several months ago, were brought to Honolulu Saturday on the Kilauea and sent to Oahu prison, where they will serve out their sentences. They are to undergo sentences ranging from fourteen to twenty-one months each. The commitment was made by the Circuit Court some time ago, but an appeal was taken to the Supreme Court. This was withdrawn later on, and the men will now serve out their time. Their names are Tagawa, Kuichi, Nagata Senkichi, Tugli, Takakichi, Masaki Katsutaro, Uda Takichi, Taneguchi Kachitaro, Kimura Kuichi and Takene Ichitaro.

Two other prisoners were also brought up. One, John Souza, for truancy, who has been committed to the Reform School, and the other, an insane Japanese, who will be taken charge of at the Insane Asylum. The prisoners were in charge of Officers P. Elemakule and E. de Silva.

Mark Twain lays great stress on the pause just before the point, in the use of which he regards Artemus Ward and James Whitcomb Riley as the greatest adepts. For instance, Artemus Ward would say eagerly, excitedly: "I once knew a man in New Zealand who hadn't a tooth in his head"—here his animation would die out; a silent, reflective pause would follow, then he would say, dreamily, and as if to himself—"and yet that man could beat a drum better than any man I ever knew."
